	I.C.150	**Private Property - Damage or Loss**

POLICY

(1) Damage to or loss of private property ("Damage") may occur during the execution of police duties. AbbyPD may consider owner claims for restitution and, in appropriate circumstances, compensate for Damage caused by AbbyPD.

(2) Compensation will not ordinarily be provided for Damage that results directly from the lawful execution of police duties.

(3) Compensation may be considered where Damage arises from an error or negligence attributable to AbbyPD, or where collateral Damage occurs as a result of AbbyPD actions undertaken in the lawful execution of police duties.

(4) Notwithstanding paragraphs (2) and (3), each claim will be assessed on its individual merits, having regard to all relevant circumstances.

(5) Decisions respecting compensation are subject to review by the Police Board upon request.
