

### **AbbyPD investigating theft of a blueberry harvester from Sumas Prairie property**

Abbotsford Police investigators are asking the public's assistance to locate a large piece of farm machinery. Between September 30<sup>th</sup> and the morning of October 5<sup>th</sup>, 2020, a 2016 Oxbo 7420 blueberry harvester was stolen from a farm located in the 40000 block of North Parallel Road.

This blueberry harvester was driven off the property after the front gate was removed from its hinges. The harvester, worth \$275,000, is approximately 20 feet tall and takes up most of a lane of traffic. It is made of metal and has yellow painted stairs and deck.

As blueberry season ended in the middle of September, most of these harvesters have been stored for the season. It would be unusual to see one on our roadways this time of year.
