## Four Break & Enters in Thirty-Five Minutes

On December 7th, 2021, between 3:10 am and 3:45 am, a white SUV occupied by three males attended the Eagle Mountain subdivision in east Abbotsford. The three suspects proceeded to target parked vehicles along the roadway.

The windows of the vehicles were smashed resulting in the owner's garage door openers being removed to gain access to their residences in the area. In total, four Break & Enters occurred, targeting the garage areas of the homes. Various tools and personal property was stolen.

"When possible as part of your 9 pm routine, we are asking residents to remove their garage door openers from their vehicles when parked outside to prevent thieves from accessing their homes quite easily and, in most cases, undetected," said Constable Paul Walker.

Investigators are asking the public for assistance in identifying the suspect vehicle (photo below), as well as obtaining dashcam footage from those who may have been travelling in the Eagle Mountain area between 2:30 am and 4:30 am. If you can assist, please call the Abbotsford Police Department at 604-859-5225
