Female Discharges Pellet Gun at Police Officers

On March 12th at 12:36 am, AbbyPD Plainclothes Officers were conducting routine patrols in a closed business complex within the 31900 block of South Fraser Way. Officers located a group of people congregating on the property and proceeded to investigate.

As officers approached the group in their unmarked police vehicle, a female emerged from the group and pointed a firearm toward the officer's vehicle and fired, striking the police vehicle's windshield, and causing minor damage. Officers immediately exited their vehicle identifying themselves as police officers and conducted a high-risk arrest.

The female complied with the officer's direction and dropped the firearm, later determined to be a pellet gun. 49-year-old Tammy Gray of Abbotsford has been charged with Assaulting a Peace Officer, Possessing a weapon for a dangerous purpose, and Mischief.

AbbyPD is committed to ensuring public safety on the streets of Abbotsford. Our officers will continue to conduct proactive patrols to identify and hold individuals carrying weapons accountable.
