Flight from Police Results in Fatal Collision

Today at 3:02 pm, AbbyPD Patrols officers located a mobile stolen vehicle, a 1991 White Acura Integra, in the area of Livingston Ave & Maclure Road. Officers immediately lost sight of the car; therefore, no attempts to stop the vehicle were attempted. At 4:11 pm, officers relocated the vehicle in the area of Hillcrest Ave & Emerson Street.

Contact was made between police vehicles and the stolen vehicle and based on information that the vehicle was involved in a recent violent crime in another jurisdiction, a decision to enter a police pursuit was authorized.

During the pursuit, the stolen vehicle lost control, crashing in the 31900 block of Maclure Road. No other civilians or civilian cars were involved in the collision. Sadly, the female passenger of the stolen vehicle died at the scene. The male driver was initially transported to the hospital but later died of his injuries.

The AbbyPD Major Crime Unit is currently on scene investigating the collision with the assistance of the Integrated Collision Analysis Reconstruction Service (ICARS). As a result of the collision, the Independent Investigations Office of BC (IIOBC) has asserted jurisdiction.

Anyone in the area at the time of this incident who may have dashcam video or information is asked to contact the Abbotsford Police Department at 604-859-5225.

Any further media enquiries should be directed to the IIOBC.
